

Testausraportti

Validointiin käytetty sivua: <https://validator.w3.or>

HTML – Validointi

Index.html – Validointi tulokset

Valitti, että en ollut pistänyt alt tekstiä kuviin. Korjasin. Sama ongelma oli jokaisessa sivussa ja kaikista korjasin sen. Muista asioista ei valittanut.

Tulokset korjauksien jälkeen:

10 }
```

Nopeustesti

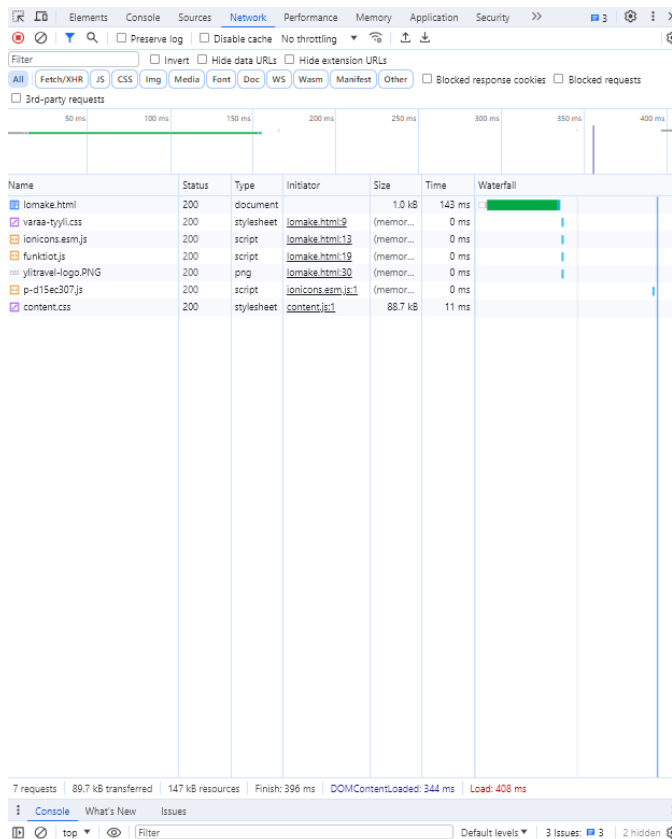

Etusivulla kesti 1.5 sekuntia latautua. (hidaskö?)

Varaa.html kesti 0.8s latautua. (Huom logon latataminen korjattu)

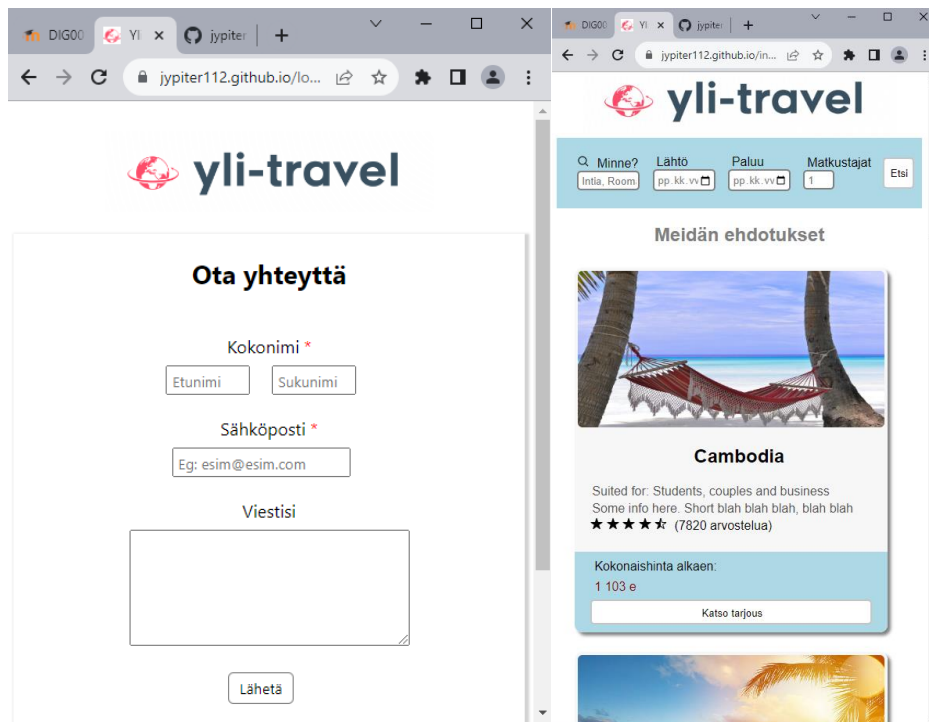

Lomake.html kesti 0.4 sekuntia latauta

Responsiivisuuden testaus

Kaikki sivut skaalautuvat hyvin ja oikein.

Lomake skaalattuna pieneen ikkunaan. Vieressä etusivu skaalattuna pieneen ikkunaan

Olen erityisen tyytyväinen etusivun skaalaantumiseen 😊

Viimeisenä myös toki varauslomakkeesta kuvan kaappaus skaalattuna pieneen muotoon. Skaalautuu hyvin.

Yksi ongelma tässä on kyllä keskikokisena ikkunana niin teksti ja kuva eivät ole saman levyisiä. Mutta pieni ongema omasta mielestäni.

Saavutettavuuden testaus

Hyvät merkittävät:

- Kuvilla alt teksti
- Skaalaantuu pieneksi

Huonot:

- Varaus lomakkeen paluu nappi vaikea löytää (alhaalla)
- Vaikeahko löytää yhteyslomake. (mielestäni ei koska yleensähhän se on sivun alareunassa)
- Pieni nappi yhteyslomakkeeseen.
